

# Absolute Home and Office - Standard

<p><b>When your laptop is stolen, you can feel powerless. But you don't have to.</b> Absolute® Home &amp; Office is the standard in data protection and theft recovery, with the only Investigations team that both locates your stolen device and gets it back to you. Absolute also gives you control over your device and everything it contains by remotely locking out unauthorized users, or deleting sensitive data.</p>	
	<p><b>DON'T JUST TRACK - RECOVER</b> Absolute Home &amp; Office gives you the peace of mind knowing that your device is safe, even in the event of a theft, you'll have the support of a dedicated team to get it back. With over 45,000 devices recovered in 114 countries, getting your device back just got easier.</p>
	<p><b>LOCK YOUR DEVICE, PROTECT YOUR INFORMATION</b> Likely the only thing more important than your device itself is the information it contains. Prevent access to your computer by remotely freezing it. Any attempt to use it displays your own customized message.</p>
	<p><b>DELETE FILES AND PREVENT IDENTITY THEFT</b> Are you more worried about the data, than the device? Protect your personal information with remote data delete. You can permanently erase sensitive files and personal information, anytime, anywhere.</p>
	<p><b>LOST OR STOLEN? LOCATE YOUR DEVICE</b> Is your laptop at the coffee shop or was it stolen at the airport? Absolute Home &amp; Office can help you locate the last know location of your device. Using a combination of GPS, Wi-Fi and IP geolocation we can help you decide what your next move will be.</p>
