

AV Voice Changer Software Diamond 40% OFF - Back 2 School 2018 Campaign

Voice Changer Software Diamond 9.5 is the latest edition in the VOICE CHANGER SOFTWARE series which is dedicated to **voice changing** and **voice manipulating** for online and local computer-based programs.

- Voice Changer Software Diamond can do a wide range of voice changing related tasks for many different purposes, such as **voice-over** and **voice dubbing** for audio/video clips, presentations, narrations, voice messages, voice mails, E-greeting cards, etc.; mimic the voice of any person, create animal sounds, change voices in songs, etc.
- This software can be used with all **online games** including Second Life, World of Warcraft, EVE Online, Lord of the Rings Online, Everquest, Counter-Strike, Battlefield 2 and many more.
- Voice Changer Software Diamond works well with many **VoIP and Instant Messaging programs** such as Skype, Ventrilo, TeamSpeak, Yahoo Messenger, MSN Live Messenger, AIM, XFire, GoogleTalk, Roger Wilco, Net2Phone and more.
- **Fully support Windows OSs:** Windows XP, Windows Vista, Windows 7, Windows 8 (32-bit & 64-bit).
