

[Bolide Movie Creator Crazy offer for Affiliates](#)

Bolide Movie Creator - easy to use HD video editor.

Yes, we tried to develop the easiest video editing software. And we are quite succeed. My 7 y.o. son using this program for his Youtube channel 😊

So, with Bolide Movie Creator you can:

- split, cut, join video clips
- control video sound volume in a flexible way
- add dozens of video effects as a transitions between the clips
- add text comments
- mix several video clips at the same time
- add your own logo, graphics over the video, you can add animation for appearance/disappearance
- change your clip's playback speed (either slower or faster). Slowmotion? Yes!
- zoom to the specified area in your video clip or highlight that area with the special effect
- tune brigtness, contrast and saturation of your video
- rotate your video
- feel like a video editing Wizard! 😊

We are waiting for your order! Join thousand of happy customers today!
