

[muvee Wedding Studio Spring Sale!](#)

muvee Wedding Studio combines the power of two different modules so that you can go from dull pictures to Pro-looking Wedding video montages;

- **Photo Enhancer**; will bring out the best of your pictures. Use its eleven different presets to fix dark pictures, remove eye bags, blemishes and much more.
- **Slideshow Maker**; go from pictures to stunning video montages in seconds, it comes with twenty style templates designed by our Wedding video artists. DIY and achieve professional results!! One-click upload to Facebook and YouTube Once you're done editing share it with all your friend and family directly from the application, letting everyone know about your most magical day will be a piece of (wedding) cake!
