

MYBOS Retail Billing (Standard Edition)

Fully integrated total solution for your business. Manage your customers, suppliers, inventory, tax, pricing, etc in the MYBOS accounting system. Retail billing will synchronize with integrated accounting system and provide you a total solution to manage your business with ease.

Simply saying you allow your sales staffs to do only invoicing, printing and receive payment from MYBOS Retail Billing add-on. All other work such as inventory management, purchases, sales pricing, reporting, etc will be done in integrated MYBOS ACCOUNTING.
